Schwabe Pharma Asia Pacific is happy to announce our participation in the premier regional dementia congress,

The 11th International Congress of Asian Society Against Dementia (11th ASAD 2017)
Date: 1 - 5 August 2017
Venue: Berkeley Hotel Pratunam, Bangkok, Thailand

This Congress represents a perfect platform to engage and share the latest clinical findings of EGb761® in the management of dementia with our medical professionals. To ensure that the clinical findings on the benefits of EGb761® is effectively conveyed, we have chosen a common theme of “Management of Dementia Beyond Cognition – A Deeper Look into BPSD and CVD” and have planned events to highlight this message.

The key events are as follow:

1. **Schwabe KOL Workshop & Welcome Dinner**
   - 1 August 2017 (Tuesday), 5.30pm – 9.30pm
   - The workshop provides updates on the most pertinent clinical findings on EGb761® in dementia
   - Provides the foundation for understanding the full clinical efficacy of EGB761® in dementia management
2. **EGb761® Lunch Symposium**
   - 3 August 2017 (Thursday), 11.30am – 12.20pm
   - Presentation of the latest findings of EGb761®'s clinical benefits on BPSD & CVD in dementia by 2 prominent speakers:
     
     i. **“Treatment Effects of EGb761® on the Spectrum of BPSD”**
        **Prof. Ralf Ihl**
        President, European Association of Geriatric Psychiatry
        Head of Department, Alexian Hospital, Cologne, Germany
     
     ii. **“Association of Cerebrovascular Disease & Dementia: - Promising Effects of EGB 761®”**
         **A/Prof. Nagaendran Kandiah**
         Senior Consultant Neurologist
         National Neuroscience Institute, Singapore

3. **Schwabe Hospitality Suites**
   - 2-4 August 2017
   - Provides a conducive environment on congress site to interact with delegates

4. **Tebonin® (EGb761®) Exhibition Booth**
   - 2-4 August 2017
   - Touch point for EGb761® with the delegates
   - Brand reminder and confidence builder
