liver dysfunction of different origin; the casual relationship between this finding and the application of the product has not been demonstrated. The frequency is not known.

Other information:

- Keep out of reach of children
- If symptoms persist, talk to your healthcare professional
- Store at below 25°C and out of direct sunlight

Kaloba[®] syrup

EPs[®] 7630

Unique Product. Kaloba[®] syrup represents a unique product containing a proprietary extract of *Pelargonium sidoides* roots from South Africa.

Works Differently. Kaloba[®] syrup is a new kind of natural health product. Unlike other products that only mask symptoms, Kaloba[®] syrup has a multiple modes of action that supports the body's own defence mechanisms.

Provides Relief. Mild symptoms can stress your body's immune system and cause discomfort to your airways, often in a recurring cycle. Kaloba[®] syrup supports the immune system.
